

## Reincarnation

### Hypocrisy

You feel the warning from behind  
The truth is buried in a wall of time  
Threw the sorrows of your life  
You ain't getting ahead from this Christ  
I feel evil approaching me  
The voices calling me on  
Silence...  
The only sound is the knife threw the air  
Hell...  
Is were I'll be when I'm threw with you.  
I'll give more bodies to get ahead.  
Dark crimson they're close again  
Wide open cutting wounds  
You feel the power of dark?  
I feel evil approaching me  
The voices calling me on  
Paradise...  
The only sound is the life through the air  
Hell...  
is where I'll be when I'm through with you  
Silence...  
The only sound is the knife through the air  
Hell...  
Is were I'll be when I'm threw with you.
