

## Strange Ways

Hypocrisy

Originally performed by Kiss  
Well, it's a strange way  
The way you look at me  
And it's a hard time  
Time you been givin' me  
Come on and open up  
Open up to me  
So you can realize  
That I could set you free  
Strange ways, twisted days  
Strange ways, twisted days  
Well, it's a strange place  
That you've been livin' in  
And it's a strange line  
You've been deliverin'  
I think I like it  
But I'm not really sure  
Don't wanna to fight it  
Just wanna feel some more  
Strange ways, twisted days  
Strange ways, twisted days
