

We Ain't Afraid

Hyro The Hero

Listen

You better wake up, they out to get us
They're tryin' to take us, camps bein' built to cage us
This shit is dangerous, you can't stand the fire?
Get your ass out the fuckin' kitchen
Stop talkin' so much, listen

Sneaky sons of bitches, time to get stitches
Don't believe the words out your mouth, it's all scripted
Bannin' all religion, false imprisonment
The apocalypse now is beginnin'

Poison in the water
I can't drink
People talkin' loud, I can't think
Poison in the water
I can't drink
People talkin' loud, I can't think

Fist raised (Hey) we ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
(Hey) We ain't afraid

They mace us, tryna taze us
Closeted racists
Endangered, they can't erase us
But we can save us
Can't stand the heat?
Get your ass out the fuckin' kitchen
Stop talkin' so much, listen

Hypocrisy with no apology
This shit bothers me
We live in idiocracy
Look at our foreign policy
Honestly, our nation lookin' lesser
We apply the pressure and we never ever let up
We fed up

Poison in the water
I can't drink
People talkin' loud, I can't think
Poison in the water
I can't drink
People talkin' loud, I can't think

Fist raised (Hey) we ain't afraid
'Cause there's power when the people come together

With they fist raised (Hey)
We ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
(Hey) We ain't afraid

(Conspiracy, conspiracy)
(Conspiracy, conspiracy)

Listen
We declare wars that you fuckin' win
(Conspiracy, conspiracy)
Destroyin' the crops, we're your government
'Fore they bring us an apocalypse
(Conspiracy, conspiracy)
But we the ones to stop this

Fist raised (Hey) we ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
'Cause there's power when the people come together
With they fist raised (Hey)
We ain't afraid
(Hey) We ain't afraid

We ain't afraid
We ain't afraid
We ain't afraid
We ain't afraid
We ain't afraid
We ain't afraid
