When you die, I'll be next to you  
When you drown and I'll drown for you  
When you're sad, can I sing you blues  
When you're naked, I'll be coming through

When you die, I'll be next to you  
When you drown and I'll drown for you  
When you're sad, can I sing you blues  
When you're naked, I'll be coming through
