Hyukoh

I ask her a favor  
"Could you pass me the lighter"  
She said "ah, whatever"  
But yeah with some manners

Puff together  
Yeah, you used to blather  
Just like a feather  
Car park, our chamber

We started staring  
At the other sides  
Dragging cigs like  
Nothing happens now  
Rosy cheeks blushing  
With a nervous smile  
All the fears are  
Flushing out the way

She asked a favor  
"I wanna get a fender"  
Ah, you're a salamander  
"Well, I'll be an offender"

Puff together  
Yeah, we used to gather  
Times we look sadder  
Car park, our chamber

We started staring  
At the other sides  
Dragging cigs like  
Nothing happens now  
Rosy cheeks blushing  
With a nervous smile  
All the fears are  
Flushing out the way
