

Suddenly they're all disappeared
Take a look and no one is there
Finally I am free
Sun is out but my mind is blind
Hey Jesus there?
Can you hear me?
I am lost
He is never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down

Suddenly they're all disappeared
Take a look and no one is there
Finally I am free
Sun is out but my mind is blind
Hey Jesus there?
Can you hear me?
I am lost
He is never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
Never gonna let us down
