

# Kite War

Hyukoh

Honestly  
I'm not ready, can you wait for me?  
Brother, where is my kite and knife for me?  
For eternity  
Can you wait for me?

Mother sky got silver grass  
Better be dry before drowning til you die  
Tell me what you fighting for  
The sea wind is blowing on the shore

Mountain high like eagles fly  
Deep down there's nothing in my mind  
Hurry show me golden hell  
They know how to put me in the box

War  
Then my heaven is low  
And I'm losing the war  
Woo-War  
When my heaven is old  
I'm a dust in the war

War  
Then my heaven is low  
And I'm losing the war  
Woo-War  
When my heaven is old  
I'm a dust in the war

Woo-woo  
Woo-woo  
And I'm losing the war  
Woo-woo  
Woo-woo  
I'm a dust in the war

Mountain high like eagles fly  
Deep down there's nothing in my mind  
Hurry show me golden hell  
They know how to put me in the box

War  
Then my heaven is low  
And I'm losing the war  
Woo-War  
When my heaven is old  
I'm a dust in the war

War  
Then my heaven is low  
And I'm losing the war  
Woo-War  
When my heaven is old  
I'm a dust in the war

War

Then my heaven is low  
And I'm losing the war  
Woo-War  
When my heaven is old  
I'm a dust in the war
