

We all die therefore new thing  
That you said moment was short  
We're all here for seeing new scene  
Then you said that I am free

I'm missing truth  
I'm missing truth  
The moon light shine  
The moon light

I'm missing truth  
I'm missing my truth  
The moon light shine

We all live therefore new sin  
And you said waiting is long  
We're all here to see new dawn  
Yet we face insanity

Oh, why  
What's the answer where to find?  
Why, why I had to choose one side?  
Why wrinkle is my scars of time  
Why though it's fine we learn or die

Woooo  
Woooo  
Woooo

Why, why  
Baby, why, why
