

# Young Man

Hyukoh

We have to fight all we're trying to survive  
Dead friends are behind you and me  
Hands with a fire, jump to the sea  
Only go higher, you and me

We have to fight, just trying to survive  
Anyone alive? You and me  
Hands with a fire, jump to the sea  
Go down or higher, it's you and me

Every day is yesterday  
We don't look back  
Go forward with no regrets  
We, the young, forever mercy  
(Woo-oooh, woo-oooh, woo-oooh)  
Every day is yesterday  
We don't look back  
Meaning's always meaningless  
We, the young, forever mercy  
(Woo-oooh, woo-oooh, woo-oooh)
