A bitter day, it will all be erased like this  
I will forget someday  
I'll be able to laugh then, but  
Right now I can't do anything

Even if the weather's nice I don't feel nice  
It seems like the weather's mocking me  
I fall into a situation where  
I can't deal with the anger and I struggle  
The world apart from me is running fine  
You're living well  
It's not fair, this isn't fair  
I feel like people walking past me think I'm pitiful  
I can't do anything right

This morning I missed my stop  
The bus stop I ended up getting off at,  
Because I was thinking about you,

Was a stop that I wasn't familiar with  
It looked lonely, I started crying  
I walked like that for a long time  
I hated you so much but then I started missing you  
The days I spent weak because I couldn't  
Hold onto you are so pitiful

A bitter day, it will all be erased like this  
I will forget someday  
I'll be able to laugh then, but  
Right now I can't do anything about it  
I can't do anything  
Just now I had another thought about you and now I'm sad  
It's going to be really hard, but I'll keep erasing

No matter what I was it'll sound like an excuse  
Even if I say this is all for you  
You're not right for me  
Uncomfortable, as if you're wearing clothes  
That don't suit you  
Beautiful, but I'm losing my strength beside you too  
How do you think I felt watching that?  
We shouldn't have started at all  
I shouldn't have looked at your eyes that first time  
I thought I would feel relieved after I let you go  
But it's really not like that

My head knows break ups  
My heart can't disagree, but everyday  
I draw you and erase you  
I'll do all the hurting and I just want you to be happy  
So this decision won't be useless  
So we don't regret, I'll always pray for you

A bitter day, it will all be erased like this  
I will forget someday  
I'll be able to laugh then, but  
Right now I can't do anything  
I can't do anything  
Just now I had another thought about you and now I'm sad

It's going to be really hard, but I'll keep erasing  
I'm going to forget a little bit at a time  
After time passes I'll be able to laugh and remember  
Don't say time is medicine, tell me a better way  
You can receive love greater than the love I gave you  
You're still beautiful  
You said it would last forever  
In the end, we're still the same as everyone else

A bitter day, it will all be erased like this  
I will forget someday  
That day will come
