Cross it all out, cross it all out
I'll cross it all out, you you you you
Cross it all out, cross it all out
I'll cross it all out, you you you

Haven't we never met before?
So why're you talking about me
If you have no special ideas,
just look at my picture on your wall
What do you think, aren't I pretty? I'm not nice at all
The pretty things I do, when you tried it, how was it,
wasn't it dangerous?

I've added you,
I'll tease you more to make you fucking pissed
Who's hot, who's not,
someone has already burned out your head
Shake it more, pull on it,
try to put your name in my head once
This is a deserted island an you're the main character
But turn down the volume and try to judge yourself

I'm gonna give you a chance So baby watch ur back
I'll let you live Black b b black blacklist
I'm gonna give you a chance So baby watch ur back

Cross it all out, cross it all out
I'll cross it all out, you you you you
Cross it all out, cross it all out
I'll cross it all out, you you you

Hey don't fall asleep, don't roll your eyes
Don't fucking shake your feet
Fuck you bitch,
slowly bow your stiff head
Ey don't you dare, be careful, ba ba ba bang up
This is my last warning,
I'll tell you straight up, I don't like you

I usually don't make things obvious
But that day, you were fucking annoying
If you're my friend, that's not right
Have some business ethics, how dare you use sex appeal
This isn't your place, get it through your head

Wash up at home and just drink
Don't call me for a while, I don't wanna see you
Get my words through your head right now

I'm gonna give you a chance So baby watch ur back
I'll let you live Black b b black blacklist
