Only you can shake me
When you sing to me like na na
Then I act a little coy
Hello hello, do whatever I want, hey

Just say it, te quiero
What I couldn't say before, I'll tell you now
I want you to be My Official Muse (M.O.M)
Hello hello, do whatever I want, hey

You only live once, shake a little harder
Say what you will, I'm enjoying my life
Um tiki taka honey babe

Fantasize about me, you're my Dali
You're my darling my darling
Everybody let's love somebody

I love you ma beauty
'Til death do us apart
Our house on the prairie grand finale
Our steps in sync, feel like harmony
Goes well together like guacamole

It's just us two
Where you lookin' look this way baby
Make it make it make it up
Grind that booty shake it up
Holler yeah! 'cause I'm excited

You only live once, shake a little harder
Say what you will, I'm enjoying my life
Um tiki taka honey babe

The moon sheds light on my tender heart
And your youthful heart is crazy for me
