

## Maybe Tomorrow

I Against I

Maybe today I will finally find  
The handful of words that bring peace of mind  
'Cause yesterday left me with nothing at all  
I can't change a thing I'm feeling so small...

[Chorus]

But as I'm waiting, I'm winning my chances are passing me by  
And as I'm waiting, I'm losing the spirit to get up and try  
Another day ends and I sit around by myself thinking "Life does  
n't rhyme." Maybe tomorrow won't be here in time....

Maybe today they are finally said  
The handful of words that will clean my head  
'Cause yesterday left me with nothing at all  
I don't know a thing I'm feeling so small...

[Repeat Chorus]

But I'm still waiting  
Yeah I'm still waiting  
Do you felt like waiting all this time?  
But I'm still waiting  
Yeah I'm still waiting  
Do you felt like waiting all this time?

[Repeat Chorus]

Maybe tomorrow won't be here in time...(3x)  
Maybe tomorrow!
