Don't want to be searching anymore Tried so hard, forgot what I 'm looking for Who'll rewind Who'll

remind me what the search was for Talk so fast I can't keep up Tried so hard, forgot who I was Who

am I Who are you and what the hell is true?! Only alphabet, only alphabet Everything that I don't

say will tell you who I show myself in all the things I don't d o Opinions forced upon me brutally

Tomorrow's mistake is the truth today, you see Leave me be I ne ed to be alone with my own thoughts

You may think you are number one, but So do I; that's a song be en sung A million times Or even more

even more and more Know your lines; recite them in your head Re peat them on and on and once more

after that Know your lines, repeat them in your head Again again again, they're only alphabet

Don't want to be searching anymore Tried so hard forgot what I'm looking for Who'll rewind Who'll

remind me; can't search anymore I show myself in all the things
 that I don't do Everything that I
don't say will tell you who
