

Who's Losing?

I Against I

I can't accept that you feel safer when you're not here with me
I think that you're such a fucked
up bitch No one has told me about the tricks you pull when you'
re alone But I know you never were
alone And I never thought I'd say this to you now Oh I feel so
broken down Cause you never were
around And there's no way that I'm gonna wait for you You're so
hard to be around Cause you always
put me down And did you really think I would.....yeah Sometimes
I wonder why I'm here, your
listening, finger in your ears Sometimes I'm glad you're not ar
ound Told me I was the only one,
but so was he, ain't that strange I know I'm way out of your le
ague But I never thought I'd say
this to you now..... Expect me to do for you What you'd never
do for me Can't stand myself for
caring I'm treated like the air you breathe Well change your mi
nd! I cheat myself by letting you
cheat me
