

Ultraterrestrial

I Am Abomination

[Verse 1]

Dusk falls from Hollow Heaven
Upon the throne from which I reign
Twisted corpses lie beneath me, so silently
The lambs I reap
Unholy ghost, I march through the wasteland
Built from your sins
Transform and worship me
Join me in my celestial kingdom

[Chorus]

The sky screams, "Child of Filth, come sing with me"
We'll say, "Oh, the end is nigh"
His light drowns out the sun when he sings to me
He says, "Oh, the end is nigh"

[Post-Chorus]

Oh, oh, oh, the end is nigh
Oh, oh, oh, the end is nigh

[Verse 2]

Rivers boil at the snap of my fingers
Flowing red, oceans of the dead flooding the world
Their mangled faces rest beneath my throne
Dictator of the plague, orchestrator of the swarm
I, the Almighty, the Ultraterrestrial

Relinquished of my home, needles buried in my bones
I, the Almighty, the Unholy Ghost

[Chorus]

The sky screams, "Child of Filth, come sing with me"
We'll say, "Oh, the end is nigh"
His light drowns out the sun when he sings to me
He says, "Oh, the end is nigh"

[Post-Chorus]

Oh, oh, oh, the end is nigh
Oh, oh, oh, the end is nigh

[Bridge]

Deny and perish for that I am the Almighty, the true king
I am the so(u)le creating pandimensional being
Deny and perish for that I am the Almighty, the true king
I am the so(u)le creating pandimensional being

[Outro]

The sky screams, "Child of Filth, come sing with me"
We'll say, "Oh, the end is nigh"
