

Blackout

I Am Empire

Lost in the payments You cave in You cave in Fear of the master
You're washed out Nothing but a blackout

Arrive tonight Arrive tonight I saw the man I saw the cancer Ar
rive tonight Alive to fight I saw the man I saw the cancer

Taken advantage the moment advances to a private universe I fou
nd a way to die at bay You just never seem to go away I don't k
now you

Arrive tonight Are we alone I saw the man I saw the cancer Arri
ve tonight Everybody feels alone sometimes
