The Shape I'm In

I Am The Avalanche

Hard times
Never not cold
I walk these streets with a heart of stone
Do my best to make it
God knows I can take it
I do my best to live with the pain

You don't know the shape I'm in
This isn't the real me
Know the shape I'm in
Living half asleep
Just live with the pain
I've got a job to do
I'd never make it without you

Take warning
Can't console
A broken man with a heart of gold
Do my best to make it
God knows I can take it
I do my best to live with the pain

You don't know the shape I'm in

This isn't the real me
Know the shape I'm in
Living half asleep
Just live with the pain
I've got a job to do
I'd never make it without you

You don't know the shape I'm in
This isn't the real me
Know the shape I'm in
Living half asleep
Just live with the pain
I've got a job to do
I'd never make it without you

You don't know the shape I'm in
This isn't the real me
Know the shape I'm in
Living half asleep
Just live with the pain
I've got a job to do
I'd never make it without you
