

Courage

I Belong To The Zoo

You don't have to love me
You don't have to care as much as I care for you
Just know that I will be right here
If and when you need me
You know you amaze me
With how strong you've grown
You've managed to pick yourself up
Even after it all

Courage where are you
'Cause cupid fucked me up
Courage where are you
'Cause I can't

I don't know how to tell you
Underneath words
But I always have
And I always will
I don't know how to tell you
Even in song
But I always have
And I always will

Courage where are you
'Cause cupid fucked me up
Courage where are you
'Cause I can't

I don't know how to tell you
You've been up in my mind
From the moment I wake 'til I sleep
Every second, all the time
I don't know how to tell you
It's been you all this time
But I know I'll just mess this up
'Cause I'm way out of line

I don't know how to tell you
Even in song
But I always have
And I always will
I don't know how to tell you
It's been you all this time
But I won't 'cause I can't, I'll just wait
I'll be fine
