

## Ruin

## I Belong To The Zoo

The cracks on the wall  
Never get noticed  
Until just before the fall

Just like you and me  
Just like how we let it go to ruin

To ruin this so called perfect dream  
This so called perfect dream

The cracks on the wall  
Revealing the hazards of the  
Meadows we love running on

Just like unstable grounds  
We hold on but still it goes to ruin

To ruin this so called perfect dream  
This so called perfect dream
