## I Blame Coco

Well, I can hear the noise in the city  
But I can't move  
What is that in the distance  
Well, it's the gateway through

The night's so young  
I feel numb

If you hear them  
Hear them too  
I won't be far  
Too far from you  
And if you see them  
See them too  
They won't be far  
Too far from you

You get the sickness from the heat wave  
The sickness of the afraid  
I get the shakies from the party, oh  
And I can't find you

My conscience found its new name  
It tries and gets me in a new way  
I'm like a voice in the city  
I know I won't find you this time

Now I can hear the noise from the city  
Is there no one here  
What is that in the subtext  
Will your voice be clear

As time goes by  
You'll might find

If you hear them  
Hear them too  
I won't be far  
Too far from you  
And if you see them  
See them too  
They won't be far  
Too far from you

You get the sickness from the heat wave  
The sickness of the afraid  
I get the shakies from the party, oh  
And I can't find you

My conscience found its new name  
It tries and gets me in a new way  
I'm like a voice in the city  
I know I won't find you this time

The night's so young  
I feel numb

If you hear them  
Hear them too  
I won't be far  
Too far from you  
And if you see them  
See them too  
They won't be far  
Too far from you
