

## Flesh from My Body

I Declare War

Peeling, peel away at the skin  
Let the pain hit you in shredding endless waves  
Sharp and tight, pulsing up and down your body  
Hitting your throat, you choke  
Breathe in deep, exhale

Peeling, peel away at the skin  
Your eyes water  
Pull the skin back  
Your eyes water  
Pull the skin back

Resist the peeling, pulling even further  
The pain's excruciating  
You can't take it much longer  
Lick the wound, bloodline gushing  
Dull blades cutting  
Pull it back with your teeth  
Ripping down to the meat  
Ripping down to the meat

Pull it back with your teeth  
Pull it back with your teeth
