

Blegh

Lies are lies, uncertain
... eternal, is the dead

Rip my life out from this world
Beg for extinction, let every go
Measuring what falling
Down in the crack
Open up the misery and ...

Rip my life out from this world
Beg for the right,
Break all day
Guilt from the pain and the younger
But this the way out

Blegh

Lies are lies, uncertain
... eternal, is the dead
Every man should pray

Out from the world, lifeless and ending
Slight becomes eternal, it's the way to go
Down is the world go
