### I Dont Know How But They Found Me

Ah yeah, come on  
I met you at JC Penney's  
I think your name tag said Jenny!  
I cold-step to you with a fresh pack of gum  
Somehow I knew you were looking for some... oh no!  
Like a fruit that's ripe for the picking  
I wouldn't do you like that Zankou Chicken  
Cause only you got a thing that I just got to get with  
I just got to get, get with you, and you know what we're gonna do

I wanna get with you, oh girl  
And your sister  
I think her name is Debra  
I wanna get with you, only you, girl  
And your sister  
I think her name is Debra, oh!

Girl, you see I only wanna be down with you  
Cause you got something that I just got to get with  
I pick you up late at night after work  
I said, "Lady, step inside my Hyundai  
I'm gonna take you up to Glendale  
Yeah, gonna take you for a real good meal"  
Cause when our eyes did meet  
Girl, you knew I was packing heat  
Ain't no use in wasting no time gettin' to know each other  
You know the deal!  
Cause only you've got a thing  
That I just got to get with  
(Got to get with!)  
I just got to get with you girl, and you know

I wanna get with you, only you, girl  
And your sister  
I think her name is Debra  
I wanna get with you, girl  
And your sister  
I think her name is Debra, ohhh!

Uhh, come on  
Ooh lovely lady, girl you drive me crazy  
Ooh lovely lady, girl you drive me crazy  
Ooh lovely lady, girl you drive me crazy  
Ooh lovely lady, girl you drive me crazy  
Craaaaaaa?  
And your sister, Debra
