

DOWNSIDE

I Dont Know How But They Found Me

Ga, ga, ga, ga, ga, ga, ga, ga
Ga, ga, ga, ga, ga, ga, ga, ga
Ga, ga, ga, ga, ga, ga, ga, ga
Ga, ga, ga, ga, ga, ga, ga, ga
Ga, ga, ga, ga, ga, ga, ga, ga
Ga, ga, ga, ga, ga, ga, ga, ga

I know that I can be impossible
I'd say I'm sorry, but I'm never gonna let go
It feels like my heart broke
The second I said "no"
But I regret it now, I didn't know
I couldn't live another minute in your blue light
Like Mazzy in starlight
Oh my God
I left you at midnight

Darling I need
Darling I need
Darling I need
Darling I need you here tonight
You're all that I wanted
And It's so hard to look at the downside

I wanna listen to you whisper to me
I wanna watch bad American movies
Don't wanna give another kiss with my baby on my mind
It wasn't kind, it was kind of boring
I put a pill in my cup every morning
And when I die, I'll get those cold copper kisses on my eyes
And now I'm fighting for a look at the downside

It took a moment to disintegrate
So curious about the noise you make
In bedrooms
I don't know what I'd do
But we could find out soon

Darling I need
Darling I need
Darling I need
Darling I need you here tonight
You're all that I wanted
And it's so hard to look at the downside
Darling I need
Darling I need
Darling I need
Darling I need you here tonight
You're all that I wanted
And it's so hard to look at the downside

I want listen to you whisper to me
I wanna watch bad American movies
Don't wanna give another kiss with my baby on my mind
It wasn't kind, but it was kind of boring
I put a pill in my cup every morning
And when I die, they'll put those cold copper kisses on my eyes

And now I'm fighting for a look at the downside

Oh, the pennies on your eyes
Will pay the toll at your demise
And carry you far away
It's so hard to take
A look at the downside

Ga, ga, ga, ga, ga, ga, ga, ga

Ga, ga, ga, ga, ga, ga, ga, ga

Ga, ga, ga, ga, ga, ga, ga, ga

Ga, ga, ga, ga, ga, ga, ga, ga
