

# Leave Me Alone

## I Dont Know How But They Found Me

Big shot, so what, do you wanna pretend?  
You took the money but the money couldn't buy a friend

Now I want you to leave me alone  
They say the devil that you know is better than the devil that  
you don't  
Oh, you're a big shot here but nobody else knows  
Now I want you to leave me alone

Blind spot, take your best shot, lucky me  
Go fly a kite until you're tangled in the hanging tree

Now I want you to leave me alone  
They say the devil that you know is better than the devil that  
you don't  
Oh, you're a big shot here but nobody else knows  
Now I want you to leave me alone

Four in the morning but we're having such a lovely time  
Mad as a Hatter with a dagger and a dollar sign  
Aristocrat, tip your hat and break your mother's heart  
And when the sun comes up, you'll find a brand new God  
(A brand new God)

Now I want you to leave me alone  
They say the devil that you know is better than the devil that  
you don't  
Oh, you're a big shot here but nobody else knows  
Now I want you to leave me alone
