

# SATANIC PANIC

## I Dont Know How But They Found Me

Had to get on top of the world  
Took out the gloves, hit the sister of pearl  
Pass around the fake cigarettes  
The invocation is as good as it gets

Yeah, he says  
"Please, oh, please"  
"Believe in what I say"  
Silver screens  
Project your damnation, that's entertainment

Easy come, easy go  
We wanna save your soul  
Satanic panic takes it all  
Easy come, easy go  
Dying to save your soul  
Satanic panic takes hold

Preachers coming toggled to the bricks  
He got a pocketbook of social tricks  
Captures it on videotape  
Looks like the devil in a two-dollar cape

Yeah, he says  
"Please, oh, please"  
"Believe in what I say"  
Silver screens  
Project your damnation, that's entertainment  
(I wonder what this song is about)

Easy come, easy go  
We wanna save your soul  
Satanic panic takes it all  
Easy come, easy go  
Dying to save your soul  
Satanic panic takes hold

Easy come, easy go  
We wanna save your soul  
Satanic panic takes control  
Easy come, easy go  
We wanna save your soul  
Satanic panic takes it all  
Easy come, easy go  
Dying to save your soul  
Satanic panic takes hold  
Easy come, easy go  
Damn your eternal soul  
Satanic panic

Satanic panic takes all  
Satanic panic
