

SIXFT

I Dont Know How But They Found Me

I kept hope alive
So that I could be with you
Tried to bewitch your mind
But I let love die
How I failed
But oh how I tried
Darling

Don't
Don't push me around
I don't wanna see you buried
Six feet underground
Fuck around and find out
No I don't want to see you darling
Six feet underground
Six feet underground (again)

Overemphasize
All these grandstanding gaslights
Black eyes and fist fights
I "romanticize"
All this pretense was meant to
Misrepresent you

So Don't
Don't push me around
I don't wanna see you buried
Six feet underground
Fuck around and find out
No I don't wanna see you darling
Six feet under

What's your excuse for coming over?
Six eyed with a champagne shoulder
Unexpectedly

Don't
Don't push me around
I don't wanna see you buried
Six feet underground
Fuck around and find out
No I don't want to see you darling
Six feet underground
Six feet underground
Six feet underground
Six feet underground
