

Lighthouse on the Sea

I Fight Dragons

I'm no hero, I'm no savior, I'm no star
No, it seems my dreams are smaller now by far

Lighthouse on the sea, that's all I want to be
I want to lead you safe to shore

You've got destinations calling out your name
Fame and fortune for the restless and the brave
But no matter where you go
Look back and you will know

Lighthouse on the sea, that's all I want to be
I want to lead you safe to shore
Though you sail away, I know there'll come a day
When through the night, my light will guide you home

Out on the road, across the sea, up in the sky
No matter where you are, look back and you will find

Lighthouse on the sea, that's all I want to be

I want to lead you safe to shore
Though you sail away, I know there'll come a day
When through the night, my light will guide you home

The storm it will rage, the waves they will crash
The darkness will make you lose your path
But over it all, I just want to be the light that shines so bright, that

Lighthouse on the sea, that's all I want to be
I want to lead you safe to shore
Though you sail away, I know there'll come a day
When through the night, my light will guide you
And wrong or right, my light will guide you
And through the night, my light will guide you home
