

No Strings

I Fight Dragons

I use to hate myself friend, I won't let you down
I thought it was my fault but I know better now
You didn't want, guess I was
You wanted someone how would live for your flows'

You free to do what you wanna do
But I don't have to
I use to care what you thought of me
But now I see throw you and your bad frames
Cuz I don't dance and I got no strings

I use to think that you knew all the answers
But then I blame and saw the shit beneath the gold
Now that I know, I can let go
I can be any one I want when I'm alone

You free to do what you wanna do
But I don't have to
I use to care what you thought of me
But now I see throw you and your bad frames
Cuz I don't dance and I got no strings

You free to do what you wanna do
But I don't have to
I use to care what you thought of me
But now I see throw you

You free to do what you wanna do
But I don't have to
I use to care what you thought of me
But now I see throw you

You free to do what you wanna do
But I don't have to
I use to care what you thought of me
But now I see throw you and your bad frames
Cuz I don't dance and I got no strings
