

Shit's Gonna Be OK

I Fight Dragons

So you went and lost it all
Threw yourself against the wall and shattered
Now you're lying on the ground
Thinkin' how you thought you found what mattered

'Till the day
You threw it all away
What the fuck do you want me to say?

Shit's gonna be okay
It's gonna be alright
No matter how far down you are
Tomorrow's on your side
Shit's gonna be okay
It's gonna be just fine
Though you may not believe me now
Baby, give it time
Shit's gonna be just fine

It's gonna be just fine

Still you want a guarantee
Want to know that it'll be fine somehow
Well don't take it just from me
It's the history that we all pass down

So don't wait
Don't wallow in your shame
What the fuck do you want me to say?

Shit's gonna be okay
It's gonna be alright
No matter how far down you are
Tomorrow's on your side
Shit's gonna be okay
It's gonna be just fine
Though you may not believe me now
Brother, give it time
Shit's gonna be just fine

Shit's gonna be just fine
Shit's gonna be just fine
Just fine just fine

Shit's gonna be okay
It's gonna be alright
No matter how far down I am
Tomorrow's on my side
Shit's gonna be okay
It's gonna be just fine
And though I don't believe me now
I guess I'll give it time
Shit's gonna be just fine

It's gonna be just fine
