The Geeks Will Inherit The Earth

I Fight Dragons

I remember trying to talk to you in highschool Couldn't even ge t a look cause you were too cool But now were older were playin g by the new rules Whe lived and learned!

Cos as time moves on We find we belong And then in the end

We were the ones you used to make fun of We stayed at home alon e instead of fallin' in love We never got the chance to be prom king We didn't even dance but here's the thing: We got the car s We got the money We need some sun but i'm tellin' you honey T hat the geeks will inherit the earth

Everybody tries to tell you that your different So you run away and wonder if it makes sense Nut the day will come when you ge t a new chance The tables turn!

And you know you'll be Much more then they see In time you'll f ind!

We were the ones you used to make fun of We stayed at home alon e instead of fallin' in love We never got the chance to be prom king We didn't even dance but here's the thing: We got the car s We got the money We need some sun but i'm tellin' you honey T hat the geeks will inherit the earth

-Instrumental-

We were the ones you used to make fun of We stayed at home alon e instead of fallin' in love We never got the chance to be prom king We didn't even dance but here's the thing: We got the car s We got the money We need some sun but i'm tellin' you honey T hat the geeks will inherit the earth
