

## Brevity

### I Killed the Prom Queen

Take your bow. (4x)

Set yourself thin  
Set aside your differences and yield  
The holes in your heart, they just love to feel  
We're so fucking helpless (2x)

And so they say over and over  
I can't play a thing when your intents are blown  
Why will we ask us can a feel this  
You're obsessed with the world you love so dear

Brevity  
What do we have so far  
...  
The other side me  
With my back against the wall (2x)

Live your life, think it well  
What are you so afraid of?

And so they say over and over  
I can't play a thing when your intents are blown  
Why will we ask us can a feel this  
You're obsessed with the world you love so dear

Brevity  
What do we have so far  
...  
The other side me  
With my back against the wall (2x)

My eyes are so clear,  
I can finally see the world for what it really is  
Rip your heart from your bones  
You will live out your days on your knees  
I'll never shed a tear
