I'm from Barcelona

Well, as a kid I had the chicken pox
The German measles and the scarlet fever
And I don't ever wanna go through that again
I had to tell my little broken heart
I had to tell it I'm immune to love
'Cause I don't ever wanna go through that again
You can't have it, once you had it
You can't have it, once you had it
You can't have it, once you had it, no
You can't have it, once you had it
You can't have it, once you had it
You can't have it, once you had it, no
