

# As Long As There Is You And Me

I Monster

6, 5, 3, 8, 34 and 2  
The bonus ball was smiling  
He had eyes for me and you  
I could wear plush dresses til the end  
You could drive you Roller 'round the round about

Make some tea  
I'll comfort thee  
I know its not it's not on  
As long as there is you and me  
I know we can't go wrong  
We can't go wrong

Sixteen million  
Why'd it have to be?  
I can't believe I lost the ticket  
What is wrong with me?

You could tell your boss to go to hell  
I would be in heaven and just lounge about

Make some tea  
I'll comfort thee  
I know its not on  
As long as there is you and me  
I know we can't go wrong  
We can't go wrong

It's almost Christmas after all

Have to keep on working til the end  
But maybe there's the premium bonds to dream about

Make some tea  
I'll comfort thee  
I know its not on  
As long as there is you and me  
I know we can't go wrong  
We can't go wrong
