

Electricalove

I Monster

I can turn you on and off when I choose
Ever-ready super charge, you blow my fuse
My body shakes
When you hum your tune
Pour a (?), never come too soon

Electricalove
I can't get enough
Electricalove
Electricalove
I can't get enough
Electricalove, is never enough

There's red and yellow and pink and black ones too
Any size, any shape
Whatever's best for you
I'm in control
Oh, I am blues(?)
Slow, faster
You're in the groove

Electricalove
I can't get enough
Electricalove
Electricalove
I can't get enough
Electricalove, is never enough

[Hold me tightly]
Hold me tightly
[Do you love me?]
Do you love me?
[Hold me tightly]
Hold me tightly
[Do you need me?]
Do you need me?

Electricalove
I can't get enough
Electricalove
Electricalove
I can't get enough
Electricalove

Electricalove
I can't get enough
Electricalove
Electricalove
I can't get enough
Electricalove

Electric
(I can't get enough)
Electric
(I can't get enough)
Electric
(I can't get enough)

Electric, is never enough
