

Freak

I Monster

Ah

Ah

Baby, baby now come and claimed it
Hold tight and now get ready for the ride
Oh baby, baby, now come and claimed it
Wait me out so you can play the flipped side

You're a freak (like who?)
Like me (that's true, baby)
You're a freak (like who?)
Like me (yes, it's nothing)

Give it that I got, baby, don't stop
Take it to the top, baby, don't stop
Better than I got, baby, don't stop
Take it to the top, baby, don't stop

It's in my blow, man (ah)
Of all this fluid (yeah)
I need a rhythm like a rhythm to the beat
I want some hot stuff
Now get your rocks off (yeah)
To shake your finger and you can freak it out with me

You're a freak (like who?)
Like me (that's true, baby)
You're a freak (like who?)
Like me (yes, it's nothing)

Give it that I got, baby, don't stop
Take it to the top, baby, don't stop
Better than I got, baby, don't stop
Take it to the top, baby, don't stop

For the ills of fit frills different take pills
To fight away your pain, they say
To the gods spill the zippers to the spine so the birds may cry
So why didn't I? use to lie

You're a freak (like who?)
Like me (that's true, baby)
You're a freak (like who?)
Like me (yes, it's nothing)
You're a freak
Like me

Give it that I got, baby, don't stop
Take it to the top, baby, don't stop
Better than I got, baby, don't stop
Take it to the top, baby don't stop

Give it that I got, baby, don't stop (can you feel it?)
Take it to the top, baby, don't stop (can you feel it?)
Better than I got, baby, don't stop
(Can you feel it?) (can you feel it?)
Take it to the top, baby don't stop
(Can you feel it?) (can you feel it?) (feel)

Give it that I got, baby, don't stop
(Can you feel it?) (can you feel it?)
Take it to the top, baby, don't stop
(Can you feel it?) (can you feel it?) (feel)
Better than I got, baby, don't stop
(Can you feel it?) (can you feel it?)
Take it to the top, baby don't stop
(Can you feel it?) (can you feel it?) (feel)

Give it that I got, baby, don't stop
(Can you feel it?) (can you feel it?) (feel)
Take it to the top, baby, don't stop
(Can you feel it?)
Better than I got, baby, don't stop
