

## Sickly Suite Part One: How Are You?

I Monster

How are you today?  
Are you sure?  
You feel okay?  
It's been a long long time  
'Cause you've been stored  
For nearly half your life

Like Jaybird when she flies  
Something good  
Will cross the sky  
I hope she lands your way  
And opens some doors  
So you can show your face

I know a breeze  
When I feel it  
I know the trees  
When I see them  
I know a kiss  
When I taste it

How are you today?  
Are you sure?  
You're still okay?  
It's been a long long time  
But now you're reborn  
Dragged out into the light

I know a breeze  
When I feel it  
I know the trees  
When I see them  
I know a kiss  
When I taste it

And I know my life  
And I'll take it
