

Violent Nature

I Prevail

Shut the fuck up, do me a favor
Cut your heart out, then swallow the razor
I'm no saint, I'm not your savior

I'm a sick motherfucker with a violent nature
I'm a sick motherfucker with a violent nature

Break
Hate is all I know

I grind my teeth on the fucking chain
Till the feeling goes away
So I'll bite the hand that feeds
Just to watch it bleed

I'm a sick motherfucker with a violent nature
I'm a sick motherfucker with a violent nature
I'm a sick motherfucker with a violent nature

Come break me and take me
To the unforgiving
Unmake me and save me
From this hell of living

Send me home
Fuck
I'm a sick motherfucker with a violent nature
Violent nature
