

Chain:Breaker

I the Breather

Get up, get off your back
We're at war, fighting for respect

I am not afraid to die for my family
They lit the fire, destroyed our lives
Kick rocks
They go around, chin up high
We'll make them kick rocks

Bound by chains
Day and night, that won't stop us
Bound by chains
We will overcome this

They killed our brothers, took our wives to die slow
They fill our minds with the sickest lies
We'll make them die slow

We'll bury the thought of you
When you die alone
We'll bury the thought of you
You will die slow

Get up, get off your back
We're at war, fighting for respect
I just want to be free

Bound by chains
Day and night, that won't stop us
Bound by chains
We will overcome this
We'll bury the thought of you
When you die alone
We'll bury the thought of you
You will die slow
