

Back Again

IAMDDDB

IAMDDDB, I hope you know me

-gain, back again

Come through and I'm coming and I'm back again

Back again I'm back again

Say that I'm not coming then I come through and I'm coming

And I'm back again-gain

Do you really, do you really want me to come back again (back a gain)

Flow like mullah I don't give a fuck I told you I might give it up

They don't know you like me, I'm just being polite, G

And when I tell you I don't know I know you know, you know I know

I can feel your soul, in my soul, can I go

I can feel the inner sadness in your soul

You know I know (yeah)

Cause I'm back again (yeah)

I come through and I'm back again

Have you still coming and I'm back again

If never left or you keep coming back (yeah)

Cause I'm back again (yeah)

I'm really back again

I'm back again

Say that I'm not coming then I come through and I'm coming

And I'm back again-gain

Do you really, do you really want me to come back again

You keep running through my mind slowing down my brain (slowing down my brain)

And now we misbehave

I misbehave, you know I misbehave

And keep it G of course

Yeah, IAMDDDB

You should've kept it G, yeah...
