

# Bubble Tea

IAMDDB

Bust down, I need that bust down, bust down  
Sippin' on ice and red meat  
All of my shows is sold out  
She couldn't believe it  
I'm so lit  
Picking up all my chicks  
Wanna see you try now  
Swear, is it sweeter than the pie now?  
Straight when we lie down, we lie down  
Yeah, no more pressure in the sky  
No depression on my mind  
Feels like I'm just hypnotised

Order bubble tea  
Order bubble tea  
Order bubble tea  
I like bubble butts  
She want all my time but I can't give it up  
Ooh, pussy got away, crystals in the sky  
Know how to spend your money 'cause a bitch be acting fly  
[?] since your ref crossed the line  
Yeah, I stay up in my peace, I stay jinky all the time  
Yeah, it feels okay to know

Bitch, I'm actually global, still doing tours  
Pull up, bust the door, eyes wide open  
Came in to see the new styles, I be creeping in the back  
Stuck in my mind on the low  
I was too broke, I could never go back  
Niggas be talking the low but forget to mention all of the facts  
Hit my young back with the step  
Bitch, you know I'm the shit  
Bitch you know, only one in control  
On the cheque, six zeros  
Bitch at shows

Diva but she a keeper  
What would I greet ya? Better than Sheba  
While still on a horse on the side  
You be skipping on the way back  
Yeah, bitches all on my case  
Yeah, you wanna taste it, you be craving  
No invitation, who you texting?  
That's the plate, I'm the cherry on the cake
