Tickling through my mind I find somethings that I cannot hide
In my inner self, calling for my own help
Tickling through my mind I find feelings that I will not hide
Growth in me, confide in me, come close to me (yeah)
Never harming things, stay in harmony
Content, in myself

Cause I just keep on riding
Ride or die keep on grinding
Crying crying I'm drowning
By myself, on my own, all alone
But I'm still in control I could go all night long (yeah)
(Keep it G of course)

My energy's is this my destiny I want to see
I need to feel what I feel what I know
But I can not breathe this is incredibly intense for me
Its killing me, oh yes its killing me

Sometimes I, try to find, the answers in my heart
Somewhere between the scars (uh)
I can not see what happened to me
I'm just tryna be, me
Pick myself up, throw yourself down
Never give up on us
Cause we are so far from them
Cause there's no replacing you my friend
I cannot describe the way I feel
When I remember that our love is real
Whenever I remember that I love you still
Keep it G at all times, that's the deal

My energy's is this my destiny I want to see
I need to feel what I feel what I know
But I can not breathe this is incredibly intense for me
Its killing me, oh yes its killing me (yea)
Oh yes it's killin me (yea)
Always I'm killin me (no)
It didn't have to be this way (no)
But I did it anyway (no)

In my mind
Tickling through my mind
In my mind
Tickling through my mind
All the time
