Two minutes of my life
Two minutes of my soul
Two minutes of my life
Two minutes of my soul
There he go now

Walking round like you soul-less
Your soul has no home like you homeless
Take care of yours that's what you said
Didn't do shit but stay in bed, getting head
Different bitch, different address
Ruby ruby, come into my room please
Let me show you a thing or two

Heartbeat
I can feel you're mine, all mine
And you're so fine, I can barely look at you, you
Fuck around I fuck wit' you
Nobody can tell me what to do when it comes to you
Falling by
And I don't know if its true, always catch myself thinking of y
ou
Or am I just tripping over you, over you
I kind of like the thought, of thinking bout you
Ooh...

Keep it G of course
That's for sure
10 toes
Riding on my own, I am so comfortable
And Imma make it known
That I'm not lonely, so politely
Stay the fuck away from me, from me...

Ooh...

Keep it G of course...
