

Ease

IAMDDB

Yeah, 'cause IAMDDB, gang
With a whole new swing, yeah
A whole new swing

Skipping through the streets I'm calm
Surrounding what I want
Lost something from underneath
I can see my enemy, I'm free
Oh I think I like what I see, yeah
The best of me

'Cause I might stand up, I might fall
I keep it moving, on my own
Standing really tall on, my ten toes
I'm really out here, where's my gold
Yeah, where's my gold
Yeah (where's my gold)

Why, every time
I try, I go so far away
Into a galaxy, into blue insanity
But where I go I know I'll find
Some peace of mind
Some loving arms
I realign

'Cause I might stand up, I might fall
I keep it moving, on my own
Standing really tall on, my ten toes
I'm really out here, where's my gold
'Cause I might stand up, I might fall
I keep it moving, on my own
Standing really tall on, my ten toes
I'm really out here, where's my gold (where's my gold)
Yeah

'Cause it's a mermaid season
'Cause I'm swimming in the ocean pleasing
Yeah
