

Falling Far

IAMDDB

Yeah, cause IAMDDDB yeah

The way I fall
Looks so goddamn perfect
I'm really feeling old
My emotions and all my surfaces

Yeah
The falling far, yeah the falling far
Yeah the falling far, yeah the falling far ar
Yeah the falling far, yeah the falling far (the falling far)

I couldn't even try to deny it, I swear
I couldn't even try to try it
Believe me, I was in my business, admiring and pleasing
Whilst you were in my business trying to be so sneaky
And equally, oh yes yes
I hear it so frequently
I cannot wait to see it clearly completely
Incredibly so ask me am I feeling me?
So essentially, I'm just being me
I never said I had fallen
Presume and come crawling
Your emotions have taken over you your calling my name
You're calling my name
Keep my name out your closet
I can smell a pussy from a mile away
Rewind don't fold in my brain
Unfold in my space
Take a little minute just appreciate your inner being, being oh
Take a little minute just appreciate your inner being

Yeah, yeah
