

## Falling

IAMDDDB

Come and get it  
She say come and get it  
Cash and credit, she never hurt my feelings  
Come and get it

Real enough  
She say you know I got a man but he ain't real enough

She say you know I got a man but he ain't real enough  
That was the last thing that she said before she take it off  
Before I proceed to break her back, I tell her break it off  
And then she call him on the phone she say she breaking up

Mi no want trouble  
Oooo uhhhh  
Oooooo uhh  
But mi need love o  
Oooo uhh  
Oooo uhh

Girl you got me creeping on your insta  
Girl you got me falling over you  
She say she no like guys from the internet  
Tell me baby what we gonna do  
Cos you got me falling over you  
Listen girl I'm falling over you  
Tell me baby what we gonna do  
Everyday me falling over you

Mi tell her come and get it  
I tell her come and get it  
The girl'a chop my credit, the girl'a chop my credit  
And when we dey for London, the girl'a chop my sterling  
The girl'a chop my dollar, the girl'a come and get it

I give you loving, girl you no go want better  
Won't cause you stress, just want make your life better  
You're killing me, I'm screaming baby don't go  
If that's the case then I go follow you go

Ele quer ser minha dama  
Pretty better do it your karma  
I ain't no mix, no drama  
Que da to es a beta lu ana  
Africana woman, your armour  
Stick it in my tummy, go harder  
Tummy, go harder  
Pussy make it sweet like guava  
If you really love me, give me Prada  
If you really love me, give me Dolllar  
Look into my eyes, but don't fall in love  
Henny in the cup it make you fall in love

Look into my eyes, it make you wanna fuck  
Wanna fuck meeeee  
Henny in the cup, it make u wanna touch me
