Mi na av no times for da paigons
No flex on another one (G's stand up)
Oh, he stands for my patience
Bless me when I'm flying to the Caymans
New plans, they would never stop the wave 'cause
I'm about to take off, I might
Pull up, hood up I'm up to something
Should've would've approach with caution
Calling, it's timin for me
Chosen, hm

He puts his shine upon me (yeah yeah)
And pressure declines once he (yeah yeah)
Let me know (let me know)
This is God's work, he at every show
He hold me down good'a

Never could've test my G's (Never could've test me)
Enemies could never test me
I trust the energies
That's all around me, you outta nowhere
I told my mama "Don't worry" (I told meme "Don't worry")
I go deh go give you just trust everything
Lovin' me sing like gravy
Tell me what it feel like (Feel like)
Spend another cheque in a week
Trust and believe
Drown in my wave when you swim too deep
Oh how you drip it ain't cheap
Could never be DDB

He puts his shine upon me (yeah yeah)
And pressure declines once he (yeah yeah)
Let me know (let me know)
