

The sun shines
On my face
Feel the sunlight
Warm light
Long nights

Ice keep it cold
Go with the flow
Feel my best when
I'm alone
Don't call my phone

Lingers in my mind
Gotta take some time
Don't wanna make
The same mistakes
Gotta feel it twice

Eu nao esforço nada
Respirar
Tem que dar um espaco
Espaco

The sun shines
On my face
Feel the sunlight
Warm light
Long nights

The sun shines
On my face
Feel the sunlight
Warm light
Long nights

(The sun shines
On my face
Feel the sunlight
Warm light
Long nights)
