

IAMDBB

They thought I'd fall  
They thought they'd won  
They tried to change me  
They tried to break my mind  
I'm in control  
Nobody knows but  
I am the fire  
I am the caution  
Oh oh  
They thought I'd fall  
They tried to break me  
They tried to change my mind, I'm in control  
Nobody knows but  
I am the fire  
I am the caution  
Oh Oh

Cigarettes  
Give me some head  
I need some time to just recollect  
Am I still myself?  
Or am I undressed?  
Nevertheless  
I give you stress  
You get the best of me  
Can you not suppress?  
IAMDBB has not time for that  
Find me on my cellphone  
I'll handle that, yeah

They thought I'd fall  
They thought they'd won  
They tried to change me  
They tried to break my mind  
I'm in control  
Nobody knows but  
I am the fire  
I am the caution  
Oh  
They thought I'd fall  
They tried to change me  
They tried to break my mind  
I'm in control  
Nobody knows but  
I am the fire  
I am the caution  
Oh Oh Oh

Its just me and me  
I'm basing myself in reality  
Cannot wait to be the best in myself of me  
I got my chica on the left side of me  
Yeah  
Couldn't ever mess with me  
No

Can't you see this is the place to be?  
Yeah  
Cause DDB can set you free  
Yes  
So come and ride the wave with me

They thought I'd fall  
They thought they'd won  
They tried to change me  
They tried to break my mind  
I'm in control  
Nobody knows but  
I am the fire  
I am the caution  
Oh oh oh  
They thought I'd fall  
They tried to change me  
But that can never be  
Cause I'm in control  
I'm in control  
I'm in control

We got the powers
